## PROFESSIONAL SUMMARY

Frontend Engineer with hands-on experience building, scaling, and optimizing production-grade SaaS applications using React, Next.js, JavaScript, and TypeScript. Proven ability to deliver fast, responsive, and maintainable user interfaces through clean architecture, modular component design, and performance-focused development. Experienced collaborating with product, design, and backend teams in agile environments to ship customer-facing features that directly support business growth.

## WORK EXPERIENCE

### **Front-end developer | Happierleads | Remote**

*Feb 2025 - Oct 2025*

- Developed and maintained core frontend features for Happierleads V2 and V3 using Next.js, React, TypeScript, and Redux in a production SaaS environment.
- Built reusable, modular UI components with Material UI, Ant Design, and SCSS, improving consistency and accelerating feature delivery.
- Improved frontend performance by refactoring state management and implementing lazy loading, resulting in faster initial load times and smoother user interactions.
- Collaborated closely with backend engineers and product designers to refine UX flows, ensure data reliability, and deliver seamless cross-device experiences.
- Integrated REST APIs and implemented robust client-side data handling for critical user-facing features

### **Freelance Fullstack Web Developer | Venlyn | Remote**

*Aug 2025 - Oct 2025*

- Designed and developed Venlyn OS, a Progressive Web App (PWA) CRM system for small service-based businesses in the U.S. market. Built scalable frontend architecture and responsive user interfaces focused on usability and real-world business workflows.
- Implemented real-time communication features and integrated an AI-powered voice assistant capable of handling client calls and scheduling appointments.

### **Co-owner and manager | Venezia Urban Bar | Skopje, on-site**

*Dec 2021 - Sept 2025*

- Oversaw end-to-end business operations, managing a 10+ person team across service, logistics, and finance departments.
- Planned and executed multiple operational improvement projects to streamline workflows and enhance customer satisfaction.
- Directed budgeting, inventory management, and supplier negotiations, improving cost efficiency and operational continuity.
- Developed and implemented targeted marketing and engagement initiatives, leading to a 30% increase in revenue.

## SKILLS

- Frontend: React, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, SCSS, Material UI, Ant Design, Responsive Design, Component Architecture, UI Performance, Redux, Client-side caching.
- Tools & Platforms: Git, GitHub, PostgreSQL, Supabase, AWS, Microsoft Azure, CI/CD, Cursor, AI - LLMs, n8n.
- Other: REST APIs, Async Data Handling, C#, .NET, Java, Agile/Scrum, Performance Optimization, Testing & Debugging, Cross-functional Collaboration with Designers & Backend Engineers.

## EDUCATION

### **B.Sc. Business & IT, IU International University of Applied Sciences**

*Graduated August 2025*

- Bachelor Thesis on the topic "A Lightweight CRM Application for Urban Bars: Supporting Digital Transformation, Customer Engagement, and Marketing Visibility".
